Under 28 U.S.C. § 1332, a case in which a citizen of one State sues a citizen of another State or nation and the amount at stake is more than \$75,000 is a diversity of citizenship case. In a diversity of citizenship case, no defendant may be a citizen of the same State as any plaintiff.

COMPLAINT

I am alias Satoshi Nakamoto, the person known for what is commonly called "blockchain Bitcoin", "Bitcoin", and "crypto currency" and I'm responsible for the actual original White Paper and the one currently circulated as the original Bitcoin White Paper, not Craig Wright or anyone else.

It is my allegation that The US including the DOJ and SEC and several states failed to act repeatedly in my case beginning in 1996 and/or acted to harm me instead thereby

compelling me to become Satoshi Nakamoto and then The US allowed Craig Wright, Rensselaer Polytechnic Institute, Coinbase and others to repeatedly to fail to respond to a suit, to make service impossible and/or cause other harm and when the US has allowed Coinbase to go public when Coinbase included me as Satoshi Nakamoto within their SEC filing.

Coinbase used my person and my reputation to profit as did The US when Coinbase and all such crypto should not have been allowed to do so or to go public *because these people have turned my intellectual property into bad science and what is fraudulent after effectively stealing it and when investors are unaware* as I possess the good science and did comply with law and case law and to any and all regulation and rule if humanly possible when I created my form of currency and when I also made certain to build failsafe into it in case this scenario, theft and an inability to comprehend the science, or worse was realized.

The US has acted prejudicially in my case for all that I am including woman, Native American and natural genius and has refused to hold itself or these people to the law and has refused to accord me any protection of the law or to provide any remedy and relief when it exists.

I first came forward on April 12th, 2021, as soon as I was made aware that the NYSE bell was about to be rung in re Coinbase and partly as people claiming to be victims of Wright pleaded with me on the internet for my help and The US failed once more.

I gifted this intellectual property to The People as I am a People along with a patent, copyright, will, trust etc via novel use of the Supreme Court of the United States dated 2007 as unless I created opportunity then none existed for myself and millions of others as the 2008 bailouts as they exist cannot end, another was in March of 2020 and no citizen can secure relief as long as The US continues to refuse to act effectively or at all and when it has been an actual constitutional crisis and an emergency as men are now committing suicide in numbers so great that our national life expectancy declined at least 3 years in a row.

I have an attorney who is also my equal 50% business partner who is a graduate of Emory's School of Law and is SCOTUS certified: Robert Meyring of Atlanta, Georgia.

I swore to him privately that I would act to file this saying as little as possible and then sit down and shut up and let him do his job and I intend to do exactly that but already I feel as if I have said too much as nothing I say or refuse to say will ever satisfy The US or any of the involved parties or so it seems.

I am acting now so that Meyring then can and may act, as I when filed in April of 2021 in the same court as Craig Wright I did so as I truly believed it was most efficient but when I was unaware that a conflict exists and when I had no choice but to act alone and inform Meyring after the fact due to that NYSE bell.

That and other events that transpired in May when I informed those acting that Meyring's Notice of Appearance had been filed then became a violation of his vested interest and right and created the false appearance that he, Meyring, acting as my attorney was not acting in my best interests and that an exact federal court clerk I myself spoke to who is a man acted to harm me when that appearance is absolutely false: Meyring has never done so and there was zero unfair or prejudicial treatment on that exact court clerk's part where I am concerned and so;

My act to file over again now with Meyring's knowledge and naming him as a Plaintiff but upon a same petition of in forma pauperis and/or a Motion to Waive Fees pending an outcome effectively addresses any conflict and the false appearance others created or so it is my intention.

As I'm about to shut up then let me state that it is my wish to avoid complicating this any more so than it is already is, that it is not my desire to revisit past harm or other issues but only what is my original intellectual property, is an actual point of law and/or is an issue or injury before the courts now regarding cryptocurrency, patents etc and what is simple provable science not theory only and so to settle and that I have told Meyring this, that I'm willing to settle upon his advice if he too is willing and I have given him my consent to do so.

All Defendants in the least are charged with the criminal federal violation of the civil rights of both Susan Herbert and Robert Meyring, of targeting Herbert exactly, of dishonoring Meyring's squeaky clean law license and prejudice of women and so criminal obstruction of justice that became treason. Susan Herbert the direct victim states: if I name "treason" exactly and "criminal" then I give a federal judge an option as then you can choose to send it straight to Roberts or hear it or settle as I prefer as The People like being willing victims and confessed to me that they are aware and have been playing the Officers including the Judiciary and that yes, they made me into their only collateral damage on purpose. With deliberation.

See the April filing for the federal questions or see Meyring if he has better or new federal questions as he's the attorney not me or so I pray to this court.

SETTLEMENT

A US ATTORNEY should be able to figure it out so if they finally comprehend that I'm not the "stupid bitch" and "only a housewife in Florida" that they insisted I am before they knew me as Satoshi I can cause a SATOSHI = \$1 or give you CAUSE to hear this as I want to SHUT UP and SETTLE.

I am naming ideas/concepts that can be used to effect settlement and to neutralize all threats as you can threaten me with man-made fear in the form of the International Bar Association and the Temple Church that is a Royal peculiar church in the City of London located between Fleet Street and the River Thames, built by the Knights Templar as their English headquarters...During the reign of King John (1199–1216) it served as the royal treasury, supported by the role of the Knights Templar as proto-international bankers; It is now jointly owned by the Inner Temple and Middle Temple Inns of Court, bases of the **English legal profession**"

But I'm going to counter with..."Tractatus de Ponderibus et Mensuris"; C symbolizing four concepts one being FIVE SCORE FOR HUNDRED ; Magna Carta; Jefferson and my novel use of allodial title; Queen Elizabeth II acting in harmony with the will of The British People and so paying taxes and creating for them their RIGHT OF DISSOLUTION; High Treason so death AND extradition is; WWII honor bond; Alias Satoshi AKA In Re Susan Herbert's and Robert Meyring's DNA.

And...PSYCHIATRY, the profession born in an act meant to conceal and condone the rape of children makes zero distinction between man-made fear versus a healthy reoext for a storm tossed ocean so you can keep it up fellas but I am immune to man-made fear and it seems as if Meyring is too. The MMPI is fatally flawed as is it's new short form as it asks T or F questions about the nature of truth that is always True! And does not make any distinction or give any identifiers other than nature itself such as "fire" or "I am afraid of fire" so no human can satisfy this test not even a US Attorney.

My home was stolen. 819 ASH ST, is an actual conspiracy involving a judge, PD, EB Cattle Co LLC Oct 28th 2018, very telling, linked to Cheryl Shipley real estate agent to then rep former owner/seller in MAGISTRATE court as per NM when she & Brown are Officers of Mormon or were then; Brown & brother has BLM contract in re Dam Site including rentals; Jason Garcia originating loan officer called me & said he did something so wrong he would be fired, Jason's Mom was my next door neighbor unbeknownst to me, place was used to process out unbeknownst to me; city generates falsified, Impossible utility bills to shut off power & water for non-payment to wrongfully evict and I gave them a \$10 but recorded the serial number. I win appeal of eviction: bank of Southwest org Hot Springs Natl. Holding company, NM Natl. I DEMAND MY DAMN HOUSE BACK AND MORE. Shipley actually told cops or deputies in December that I had already been evicted to gain entry as A POTENTIAL BUYER TIPPED ME OFF. I WAS NEVER SERVED. GEWRING WAS IN JANUARY. BROWN FROM BENCH: ME & MY BROTHER GAVE A FINANCIAL AGREEMENT/ARRANGEMENT WITH BANK OF SW. **MUST RECUSE, US CODE!** HE REFUSED . TOLD ME FROM BENCH I COULD NOT DEFEND SELF. SOLD OUT FROM UNDER ME.

STATE WON'T PHYSICALLY FILE CASE; I CLAIMED CITY ABD LAND AND LEGAL & LAWFULLY THAT'S WHY. KEEP THIS IN MIND WHEN YOU MAKE US AN OFFER. AS FED COURT WITH UNNAMED MASSIVE CONFLICT LET COINBASE IPO PROCEED? **FOREIGN ENTITY CASE**, YELL AT MARCIA COOKE NOT US, WE ATTEMPTED TO ADDRESS THIS FIRST! IPO COULDA PROCEEDED; NOW? WITHOUT ME. I'M OUT. VOTERS LET WRIGHT STEAL THEN ARMSTRONG. LET! WAY TOO EASY. NOT SAFE. LET VALUE GO TO ZERO AS ARMSTRONG ~~H~~AS NOTHING VEST IN IT OF VALUE. I HAVE SCIENCE & TECH AND AN ETHIC AS DOES MEYRING.

I have secured a confession from The Voters and they have admitted to being aware this entire 14 year period and of acting to play games with the Officers and other government employees including you and the Judiciary and presidential candidates such as Obama and that they did not care if I and now Meyring are their and your collateral damage. !

US Attorney's and men in general seem to lose it when I act like John Marshall or Isaac Newton, a Natural Philosopher and act upon wholly independent decisions I make for myself.

I do have a plan that allows for settlement that limits those who can and may collect money damages to 2, addresses DV against all and upon a national AND global level, addresses and perhaps halt the en masse suicide of men, and the other effects of what is genocide an extinction event. It also restores value to Bitcoin as Armstrong's and the SECs act to steal what is not theirs and REcentralize it renders it valueless.

To effect a settlement:

I need to cite Invocation of Rights as a Whistleblower and the Federal Whistleblower Protection Act and claim that for myself, Meyring, his brother Charles Meyring, Ray Morton, Anthony Gonzalez as we are Federal Employees

I need to invoke the Federal Witness Protection Program.

Who knew my name means a Lily Born or Brought Forth in War

Or that Meyring can be found in the URBAN dictionary as Meiring an early form of his name, lol:

"Meiring is a Good, kind, and fun loving person. Meirings are usually party type and are the type of people you want to hang out with. They are hardworking and intelligent so if you spot a Meiring go marry him. Ex. Omg is that Meiring? So nice to meet you handsome hunk ;) by Smart Einstein September 05, 2019"

I did, as Robert and I have been in love since age 15 but never acted upon it and when I correctly theorized that this was biological, love thats unconditional and also romantic and sexual although we have never even held hands and while this was obvious to many many people and an old boyfriend of mine once spied Robert starting up at my apartment window in such a way be stated as absolute fact, 'that man is in love with you', but Meyring seems to have been acting subconsciously! So funny!

An eclipse on May 26th, 2021, changed everything as the exactly named Creator intervened and for the second time in my life upon manifesting 100% of my potential so that now a DNA test can support my land claim I was told to say it, anything I wanted except this time the Creator said "anyone" not "anything". Who believes the Creator enslaves a person as an award?? That doesn't happen. The Creator was telling me to SAY a name already in my thoughts and although I resisted I finally did; I said,

Robert.

Instantaneously the insanity and the jokes began. And I kept arguing with the Creator when he told me to click on Tucker Carlson's picture. C'mon! No. I have never acted upon Tucker Carlson anything, he's just this name of a Fox guy in my periphery! The Creator said, Do it! Click! See what your brothers and I have arranged. Arranged, **past** tense? I clicked and up came

Tucker Carlson has known his wife Susan since age 15.

Of course I laughed! About a day later I was told to act. Again I said No. This time? The Creator was a pest! Then something exactly worded struck me profoundly

"open the door to love"

I did, I sent Robert an email acknowledging the truth and later heard his thoughts and he seemed to be surprised, he seemed to only have become aware of any feelings I had in that moment, lol, therefore

I am acting to voluntarily give my 50% share to The People again to create a solvent Treasury if we can come to share a common understanding so that a contract is possible and negotiations can begin.

I am giving up billions in what is a grand gesture but I also need to bring real men and good guys back in style and prove that one man, Robert, is "worth it" or is priceless.

Idea! Administrator on a Tribunal: there is a 1000 mile divide between Robert and I. Perhaps the DOJ via its Witness Protection Program can place us in protective custody and reunite us so we can create

Love, Constitutional Republic Style? ;D

Or...not!

As I, Alias Satoshi, have assumed the risk of death once more, that of rejection and unrequited love, by asking Robert to consider running away with me but to do it for himself first not for me so I do not know his answer.

If I leave this court with Robert free and clear and on the up and up as someone let me go and now someone must let Robert go then I truly believe I am...

NOT SETTLING.

WORLD BANK SAYS... DECENTRALIZE TAXES IS: Financial responsibility is a core component of decentralization. If local governments and private organizations are to carry out decentralized functions effectively, they must have an adequate level of revenues –either raised locally or transferred from the central government– as well as the authority to make decisions about expenditures. Fiscal decentralization can take many forms, including a) self-financing or cost recovery through user charges, b) co-financing or co-production arrangements through which the users participate in providing services and infrastructure through monetary or labor contributions; c) expansion of local revenues through property or sales taxes, or indirect charges; d) intergovernmental transfers that shift general revenues from taxes collected by the central government to local governments for general or specific uses; and e) authorization of municipal borrowing and the mobilization of either national or local government resources through loan guarantees. In many developing countries local governments or administrative units possess the legal authority to impose taxes, but the tax base is so weak and the dependence on central government subsidies so ingrained that no attempt is made to exercise that authority.

SELF ACTUALIZATION

Maslow's hierarchy of needs is a motivational theory in psychology comprising a five-tier model of human needs, often depicted as hierarchical levels within a pyramid.

From the bottom of the hierarchy upwards, the needs are: physiological (food and clothing), safety (job security), love and belonging needs (friendship), esteem, and self-actualization.

Maslow's hierarchy of needs is an idea in psychology proposed by American Abraham Maslow in his 1943 paper "A Theory of Human Motivation" in the journal *Psychological Review*.^[3] Maslow subsequently extended the idea to include his observations of humans' innate curiosity. His theories parallel many other theories of human developmental psychology, some of which focus on describing the stages of growth in humans. He then created a classification system which reflected the universal needs of society as its base and then proceeding to more acquired emotions.^[4] His theories, including the hierarchy, may have been influenced by teachings and philosophy of the Blackfoot tribe, where he spent several weeks prior to writing his influential paper.^[5] The hierarchy of needs is split between deficiency needs and growth needs. The theory is usually shown as a pyramid in illustrations.

Maslow's hierarchy of needs is used to study how humans intrinsically partake in behavioral motivation. Maslow used the terms "physiological", "safety", "belonging and love", "social needs" or "esteem", and "self-actualization" to describe the pattern through which human motivations generally move. This means that in order for motivation to arise at the next stage, each stage must be satisfied within the individual themselves. Additionally, this hierarchy is a main base in knowing how effort and motivation are correlated when discussing human behavior. Each of these individual levels contains a certain amount of internal sensation that must be met in order for an individual to complete their hierarchy.^[4] The goal in Maslow's hierarchy is to attain the fifth level or stage: self-actualization.^[6]

Maslow's idea was fully expressed in his 1954 book *Motivation and Personality*.^[7] The hierarchy remains a very popular framework in sociology research, management training^[8] and secondary and higher psychology instruction. Maslow's classification hierarchy has been revised over time. The original hierarchy states that a lower level must be completely satisfied and fulfilled before moving onto a higher pursuit. However, today scholars prefer to think of these levels as continuously overlapping each other. This means that the lower levels may take precedence back over the other levels at any point in time.^[4]

Viktor Emil Frankl (26 March 1905 – 2 September 1997)^[1] was an Austrian neurologist, psychiatrist, philosopher, author, and Holocaust survivor.^[2]

He was the founder of logotherapy, a school of psychotherapy which describes a search for a life meaning as the central human motivational force.^[3] Logotherapy is part of existential and humanistic psychology theories.^[4]

Logotherapy was recognized as the third school of Viennese Psychotherapy; the first school was created by Sigmund Freud, and the second by Alfred Adler.

Frankl published 39 books.^[5] The autobiographical *Man's Search for Meaning*, a best-selling book, is based on his experiences in various Nazi concentration camps
